

WOODCHURCH C E PRIMARY SCHOOL

Dear Parents

Using Images of Children

On certain occasions we record performances involving children. These include the Christmas plays, sports events and church services. We also regularly update the school website with new sets of photographs of the children undertaking various activities.

To comply with the Data Protection Act 1998 we would like your permission before we use any images of your *child/children.

We request that you complete and return this form indicating permission for your child's image to be captured on photograph, video, D.V.D.

Please answer the questions below, then sign and date the form.
